Mr. James M. Frey
Assistant Director
for Legislative Reference
Office of Management and Budget
Washington, D. C. 20503

Dear Mr. Frey:

By letter dated 15 December 1987, your office requested the views of the Central Intelligence Agency on H.R. 2790, Public Building Amendments, as passed by the House on 14 December 1987. We responded by telephone that we have problems with the bill and were told that the Office of Management and Budget was opposing the bill on other grounds. To ensure that the Administration's record is complete, we are providing our written comments on the bill.

Because the comments are classified in nature, we have forwarded them to Russ Neely and asked that he place them in the proper channels.

We welcome this opportunity to comment on this proposed legislation and hope our views are of assistance to you.

Sincerely,

Deputy Director for Legislation
Office of Congressional Affairs
